

Introduction of Korea's MRA cases with other nations

Kyung Sik, Kim
Chair for International Cooperation Committee, KPEA

Contents

1. Preface
2. The Agreements for International Mobility of Engineers
 - The Registers
 - The International Standard of Competence
 - Continual Monitoring
3. MRA between Korea-Australia
4. MRA between Texas State of USA
5. MRA between Korea-Singapore ongoing
6. The Conclusion

Preface

- Challenges in promoting engineer's mobility
- Different P.E System in Economies
- Independent practice and objection from the locals
- Supplemental assessment also required

Agreements for International Mobility of Engineers

- KPEA-Signatory to two multi-national agreement
- -Agreements carry their own registers
- -Engineers demonstrate competence to be assessed

- IPEA
- APEC EA
- Agreements ratified amongst countries looking an international standard of competence

Agreements for International Mobility of Engineers

- The Registers
- A national register is maintained for each of the multi-national agreements
- The registers shared internationally
 - -IPER
 - -APEC EA

Agreements for International Mobility of Engineers

- Mandatory provisions for The International Standard of Competence
 - -Academic credentials
 - -Experience
 - -Home Licensure
 - -CPD
 - -Character
 - -Reference

Agreements for International Mobility of Engineers

- Continual Monitoring
- Representatives from the member organization visit other members for Audit
- With a view to ensuring the adherence to the agreed

MRA between Korea-Australia

- First MRA with Australia
- Participants
 - -E.A/national organization in Australia,
 - National P.E Register(NPER), APEC Engr Register
 - -KPEA/issues and maintains the certification of IntPE
 - -Ministry of Science and ICT, Korea/
 - in charge of national policy on P.E

MRA between Korea-Australia

- Main points are
- E.A register and allow the person to use the title Chartered P.E,
- Ministry of Science and ICT/KPEA register and allow the person to use the title P.E,
- -if, the person is an APEC Engineer on the APEC Engineer Register in the other member
- The reciprocal recognition provisions made to the international standard competence

MRA between Korea –Texas, USA

- An IntP.E from Korea be issued a temporary Texas P.E
- A P.E from Texas be issued a temporary Korean InP.E
- On condition that more specific and additional supplement assessment such as,

MRA between Korea-Texas, USA

- More specific and additional supplement assessments
- -Pass any Interview
- -Demonstration of experiences
- -Experiences requirement

MRA between Korea-Canada, Korea-Singapore on going

- MRA discussion with Engineers of Canada
- -the several options anticipated
- -PE systems themselves in distinctive difference and enrollment of APEC Register

- MRA discussion with Singapore
- -No substantial progress as yet
- -in spite of MRA negotiation stipulated at the FTA

Conclusion

- Catalyst for domestic P.E system's improvement
- The result from MRA under expectation level as yet
- Free flow of engineering personnel depends on cross-border Economic Activities and environments etc.,
- Should look the Engineering Mobility in a new dimension

Thank you!
