The [WFEO Committee on Women in Engineering \(WIE\)](#) organized the webinar “Open Forum” on 22 May 2024. The WIE Chair [Dr. Enyonam Kpekpena](#) and the Themes’ leads presented their report on the 2024 Action Plans.

The recording is available by clicking on the below image.

Leads of Theme 1: Engineering Workforce Capacity building- to increase diversity and inclusivity in the future skills pipeline

- LEONG Wai Yie (Malaysia)
- Sharon Mabengwa Musonda (Zambia)

Leads of Theme 2: Engineering Workforce Capacity building- to encourage female engineering retention and leadership

- Jitu Kebede Guta (Ethiopia)
- Man Chit Jovian Cheung (Hong Kong, SAR of China)

Leads of Theme 3: Engineering Strategic Indicators

- Yvette Ramos (Switzerland)
- Jeanette Southwood (Canada)

My proposal

Theme 3: Overview

Collection of Engineering
Strategic Indicators

No	Activity	Performance Indicator	2024 Action Plan	Current Status /Baseline at 2024
3.1	Create a <u>methodology</u> for standardizing and measuring gender disaggregated data on women in engineering and collect and publish this data annually.	A codesigned methodology	By Q3 2024 with presentations of 2 or 3 key Members who are already collecting with satisfaction By end 2024 (which meeting)? Acceptance by the Exec Board of the WFEO	
3.2	Analyze data as collected above to establish prima facie <u>evidence on the regional and global gender gaps</u> in engineering.			
3.3	Create a globally standardized <u>Gender Equality Scorecard</u> for WFEO and partners			
3.4	Stimulate the <u>integration of Gender Mainstreaming</u> policies across WFEO and PEIs
