**THEME: ACCELERATING SUSTAINABLE INFRASTRUCTURE
DEVELOPMENT IN AFRICA TOGETHER**

8 Africa Engineering Week Concept Notes

This year's UNESCO Africa Engineering Week and Conference will be hosted by the Ethiopian Association of Civil Engineers and will hold from November 7 to 11, 2022 in Addis Ababa the capital city of Ethiopia, under the theme: **Accelerating Sustainable Infrastructure Development in Africa Together**. Infrastructure is crucial for facilitating economic development and a better quality of life. This has been well recognised in both the AU's Agenda 2063 Goals and the UN's Sustainable Development Goals (SDG's). Whilst Goal 10 of the AU Agenda 2063 states **“World class infrastructure criss-crosses Africa”**, SDG Goal 9 is **“Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation.”**

Practically every single one of the goals listed the two aspirational sets of goals can be facilitated by appropriate infrastructure and this lies within the purview of engineers. The purpose of this conference is to examine how the development of such infrastructure can be undertaken in a sustainable manner to help raise living standards, assist in the exploitation of our natural resources, improve health, industrialize.

This will be examined under the sub-themes of:

- Energy
- Construction
- Information and Communication Technology
- Transportation
- Water and Sanitation
- Partnerships and Financing
- Infrastructure Partnership

CALL FOR PAPER

2022 AFRICA ENGINEERING WEEK

The Organizing Committee and EACE are pleased to invite you to participate in the conference and to submit an abstract of your paper. The paper should be your original work on any of the conference sub-themes for oral or poster presentation. Authors of accepted abstracts will be invited to submit extended abstracts (not exceeding 3-pages long) for publication in the conference proceedings. Full papers may be submitted for publication in journals of EACE, FAEO, WFEO and UNESCO.

CONFERENCE SUB THEMES

- Energy
- Construction
- Information and Communication Technology
- Transportation
- Water and Sanitation
- Partnerships and Financing
- Infrastructure Partnership

KEY DEADLINES

Abstract Submission October 15, 2022
Abstract Acceptance October 20, 2022
Extended Abstract and Paper Submission October 30, 2022

Paper submissions should be sent to research@eacecivil.org

More information and details on conference fee will be available on our website, <https://eacecivil.org/aew2022> soon. Visa related information can be accessed from <https://www.evisa.gov.et>.

Questions regarding sessions, topics, the technical program or any other related issue can be directed to our WhatsApp link <https://bit.ly/3LjDsQ6> or email address info@eacecivil.org.
