

# World Federation of Engineering Organizations Fédération Mondiale des Organisations d'Ingénieurs

## *50th anniversary*

## WFEO Sponsorship Prospectus

The World Federation of Engineering Organizations (WFEO) is an international non-governmental organization representing the engineering profession worldwide.

Founded in 1968 under the auspices of UNESCO, WFEO brings together national and regional engineering institutions from nearly 100 nations and represents more than 30 million engineers.

WFEO is the leading engineering organization that liaises with the United Nations, UNESCO and related UN organizations.

It is a member of the major science and technology group and provides high-level advice on issues that involve science, technology and engineering to these international organizations.

Key issues include engineering education standards, capacity building, anti-corruption measures, addressing environmental and energy issues, ICT and Engineering innovation, climate change and disaster risk management. It is working with the UN and international organizations to progress the United Nations Sustainable Development Goals through engineering.

Further information on the organization is located at [www.wfeo.org](http://www.wfeo.org)

## The world's engineers - united in rising to the world's challenges. For a better, sustainable world.

### Major Events Celebrating 50 years

The World Federation of Engineering Organizations (WFEO) will be celebrating its 50th anniversary in 2018 with a number of events around the world. These include but are not limited to:

- Symposium and social event at UNESCO Paris in March 2018 with the attendance of the UNESCO Director General, UNESCO Ambassadors, members of WFEO, representing some 100 nations and more than 30 million engineers.
- Global Engineering Congress (GEC2018) in London in October 2018 with the attendance and speakers from around the world to address solutions to progress the sustainable development through engineering.
- National and regional events, such as the African Engineering Week in Kenya in September 2018, with discussion on issues relating to capacity building in Africa.

### Sponsorship Benefits for 2018

	Platinum US Dollars 20,000 / Euros 16,000	Gold US Dollars 10,000 / Euros 8,000	Silver US Dollars 5,000 / Euros 4,000
