

LISBON CES

CIVIL ENGINEERING SUMMIT

2019

24 - 28 SEPTEMBER 2019, LISBOA, PORTUGAL

Parallel Sessions

Themes

Construction
Management

Territorial
Management

Urban
Management

Environmental
Construction
Management

Infrastructures

Parallel Sessions - Panel One

25th September
14:30 - 16:00

Construction Management

1.P.1.1 - Management & Procurement of Construction

Multinational Management of Construction, Carlos Mota dos Santos/CEO MOTA-ENGIL - PT

Territorial Management

1.P.1.2 - Transports & Communications

Regulation of Mobility & Transports in Portugal, João Carvalho/President AMT - PT

Urban Management

1.P.1.3 - Urban Rehabilitation

Urban Rehabilitation - Challenges & Issues, António Carlos Rodrigues/CEO CASAIS - PT

Environmental Construction Management

1.P.1.4 - Water Resources, Hydraulics & Sanitary

Sanitary Engineering in Portugal, José Saldanha Matos/ORG - PT

Sanitary Engineering in Cabo Verde, To be announced/Ordem dos Engenheiros de Cabo Verde - CV

Infrastructures

1.P.1.5 - Roadways & Railways

Roadways & Railways in Portugal, António Laranjo/President IP Portugal - PT

Angola's Infrastructures, Paulino Neto/President Ordem dos Engenheiros de Angola

Parallel Sessions - Panel Two

25th September
16:30 - 18:00

Construction Management

1.P.2.1 - Construction Supervision

Construction Control & Management, Jorge Nandim de Carvalho/President TPF - PT
Project Management, Vitor Coutinho/Ordem dos Engenheiros de Cabo Verde - CV

Territorial Management

1.P.2.2 - Sea and Coastal Areas

Coastal Erosion, Fernando Veloso Gomes/FEUP - PT
Coastal Management, Jorge Abramian/President WCCE - AR

Urban Management

1.P.2.3 - Building Engineering

Portuguese Construction & Rehabilitation, António Carlos Rodrigues/CEO CASAIS - PT
Building Engineering Strategies, Gaetano Nastasi/O18 - IT

Environmental Construction Management

1.P.2.4 - Material Efficiency & Circular Economy

Material Efficiency and Circular Economy in Portugal, Nuno Lacasta/President APA - PT
Engineering Against Poverty, Emilio Colón/WCCE - PR

Infrastructures

1.P.2.5 - Bridges and Viaducts

Design of Bridges and Viaducts - A Technical Approach, Júlio Appleton/A2P - PT

Parallel Sessions - Panel Three

26th September
 11:30 - 13:00

Construction Management

2.P.1.1 - Safety & Healthy Construction

Corporative Culture & Innovation in Safety Construction, Benedito Lemos/CASAIS - PT
Construction Management, Hüseyin Kaya/Turkish Chamber of Civil Engineer - TR

Territorial Management

2.P.1.2 - Urban & Territorial Planning

Urban Engineering, João Teixeira/Ordem dos Engenheiros de Portugal - PT

Urban Management

2.P.1.3 - Smart Cities & Smart Grids

Smart Grids, Smart Cities: A Necessary Liaison in Fulfilling the (Electricity) Energy Goals under SDG7, Carsten Ahrens/Institute of German Engineers - DE
Theme to be announced, João Torres/CEO EDP Distribuição - PT
Sustainable Drainage Grids, Sara Perales/CICCP - ES

Environmental Construction Management

2.P.1.4 - Climatic Changes

Climate Changes - Causes & Consequences, Carlos Borrego/Aveiro University - PT
The Engineering & United Nations ODS's, Wlodzimierz Szymczak /ECCE - PL

Infrastructures

2.P.1.5 - Tunnels & Geotechnical Engineering

Impact of Soil Studies in Design, António Mateus de Brito/TPF - PT
Geotechnical Constructions, Meyer Zygmunt/ECEC - PL
Tunnel Construction & Maintenance, Germán Pardo/SCI - CO

Parallel Sessions - Panel Four

26th September
 14:30 - 16:00

Construction Management

3.P.1.1 - Planning, Costs, Claims & Quality

The Portuguese Construction Capacity, Manuel Reis Campos/President CPIC|AICCOPN - PT

Territorial Management

3.P.1.2 - Geographical Information Systems

Theme and speaker to be announced

Urban Management

3.P.1.3 - Urban Infrastructures & Networks

Transport Networks in Lisbon, Vitor Domingues dos Santos/President Metro Lisboa - PT

Urban Management, Cemal Gökçe & Hüseyin Kaya/Turkish Chamber of Civil Engineers - TR

Theme to be announced, Tyurin Oleg/Russian Society of Civil Engineers - Moscow Department - RU

Environmental Construction Management

3.P.1.4 - Dams, Solar & Wind Energy

The Energy Sector in Portugal, Jorge Saraiva/Ordem dos Engenheiros Portugal - PT

Efficient Energetic Solutions, Ania Lopez/CNI - IT

Sines Port Management, Ingrid Fermer/ICE - UK

Infrastructures

3.P.1.5 - Ports Construction & Maintenance

The Port Management of Sines, José Luís Cacho/President Porto de Sines - PT

Parallel Sessions - Panel Five

Day 26
 16h30 - 18h00

Construction Management

3.P.2.1 - Civil Engineering Projects

Structural Design in Portugal, Tiago Abecasis/Director Tal Projecto - PT

Structural & Seismic Rehabilitation on Existing Buildings, Platonas Stylianou/Cyprus Association of Civil Engineers CY

BIM & New Technologies in Construction, Dimitar Natchev/Vice-president ECCE - BG

Territorial Management

3.P.2.2 - Natural Disasters & Risk Analysis

Risk Analysis in Natural Disasters, Paulo Lourenço/Minho University - PT

Urban Management

3.P.2.3 - Urban Mobility

Urban Mobility, Paula Teles/Ordem dos Engenheiros de Portugal - PT

"Friendly" Cities, Andreas Brantner/ECCE - AT

Lisbon Mobility, João Paulo Saraiva/Vice-president CML - PT

Environmental Construction Management

3.P.2.4 - Sustainable Construction & New Materials

Sustainable Construction Platform, Rita Moura/Teixeira Duarte - PT

Application of New Materials in Construction, Igor Meshcherin /IIU - RU

Infrastructures

3.P.2.5 - Airports Construction & Maintenance

New Technologies Building at Zagreb Airport Franjo Tudjman, Nina Drazin Lovrec/
 President Croatian Chamber of Civil Engineers - HR
