

Committee on Energy

WFEO Energy Committee Meeting

November 18, 2021 – Last meeting in a nutshell

(minutes will come later)

Feedback on the online symposium “Energy transition & Covid-19 crisis: the role of engineers”

The symposium took place online on 6 et 7 October. About 40 participants have followed the interventions.

Proceedings of the symposium will be published by the end of 2021. Members can then circulate it to promote WFEO-CE works.

The committee can think about the way to increase the number of participants next time and have a better communication around the event.

Task Groups – work in progress

Each Task Group Chair will plan a meeting of the Task Group before next CE plenary meeting.

The results of these discussions will be shared during the next plenary meeting (Wednesday 26 January 2022, 14:00 – 16:00 Paris time, online).

Discussion on the contribution for COP26: next step?

The committee did not achieve to produce a position paper for COP26 but can work now to share ideas before COP27. COP27 will take place in November 2022.

The idea is to produce a document before summer 2022 then communicate on October, maybe with a new symposium.

There will be a Task Force chaired by Jorge Spitalnik. Each member of the Committee can join it. The first meeting of this Task Force will take place on Friday 17 December, 14:00 – 15:00 Paris time, online.

Please send an email to wfeo@wec-france.org if you want to join this COP27 Task Force.

Next plenary meeting

Wednesday 26 January 2022, 14:00 – 16:00 Paris time, online

COP27 Task Force meeting

Friday 17 December 2021, 14:00 – 15:00 Paris time, online
