Call for Innovations 2020

YOUTH CREATIVITY FOR SUSTAINABLE TRANSPORT

The UN/WFEO Call for Innovations: Youth Creativity for Sustainable Transport, initiated by the United Nations in collaboration with the World Federation of Engineering Organizations (WFEO), is open until March 1, 2020 and will be presented at the 2nd UN Global Sustainable Transport Conference during May 5-7, 2020 in Beijing, China.

The Call is open to all young innovators globally, including scientists, engineers, researchers, entrepreneurs, practitioners, students, etc., and seeks scientific, engineering technological and management innovations (ideas or solutions), which are related to the focused topics of the Global Sustainable Transport Conference, to make contributions to achieving sustainable transport development and the related SDG 11.2.

Innovators have the chance to show their ideas or solutions at the exhibition of the 2nd UN Global Sustainable Transport Conference or even make a presentation at the “Science, Engineering and Technology Forum” of this Conference.

The submitted documents (in English) of innovations will be reviewed and the best ideas and solutions will be selected.

More information, including the requirements on document submission, will be posted on the website of WFEO at WWW.WFEO.ORG, and queries can be sent to WFEO-CEIT@WFEO.ORG. The organizer reserves all the rights for final explanation.
