

## Sustainable Development Goal 11

Make cities and human settlements  
inclusive, safe, resilient and sustainable

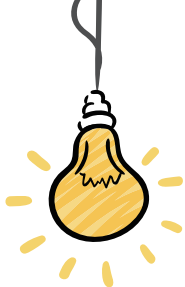

Goal 11.2: By 2030, provide access to safe,  
affordable, accessible and sustainable  
transport systems for all, improving road  
safety, notably by expanding public  
transport, with special attention to the  
needs of those in vulnerable situations,  
women, children, persons with disabilities  
and older persons

## UN/WFEO Call for Innovations 2020

YOUTH CREATIVITY FOR  
SUSTAINABLE TRANSPORT

## UN/WFEO Call for Innovations 2020 YOUTH CREATIVITY FOR SUSTAINABLE TRANSPORT

*Do you have an **innovative** idea?*

*Have you ever developed an innovative solution that would help accelerate progress towards sustainable transport?*

*If yes, then the United Nations wants to hear from you!*

**Join us today**

**Visit our website at  
[www.wfeo.org/innoCall](http://www.wfeo.org/innoCall)**

**Submit your innovation  
by March 20, 2020**

**Send your queries to  
[wfeo-ceit@wfeo.org](mailto:wfeo-ceit@wfeo.org)**

The Second United Nations Global Sustainable Transport Conference will be organized during May 5-7, 2020 in Beijing, China.

The United Nations Department of Economic and Social Affairs (UN DESA), in collaboration with the World Federation of Engineering Organizations (WFEO), is inviting young innovators from around the globe to submit their creativity for sustainable transport.

The Call is open until March 20, 2020, and the winning innovations will be presented at the Sustainable Transport Conference in Beijing.

All young innovators globally, including scientists, engineers, researchers, entrepreneurs, practitioners, students, etc. are welcome to participate and make contributions to achieving sustainable transport development and the related SDG 11.2.

Your ideas or solutions (described in English) will be reviewed carefully by a group of experts, and should preferably be scientific, engineering, technological or management innovations, which are related to the focused topics of the Sustainable Transport Conference.

Innovators have the chance to show their ideas or solutions at the exhibition of the 2nd UN Global Sustainable Transport Conference and even make a presentation at the "Science, Technology and Engineering Forum" of this Conference.

Subject to the availability of funds, some limited resources may be made available to support their participation in person.

### KEY DATES

- » Deadline for submission: March 20, 2020
- » Result notification: April 1, 2020

### FOCUSED TOPICS

- » Green development and environmental protection
- » Application of ICT, big data and AI in transportation
- » Climate change adaptation
- » Poverty eradication and social equality
- » Regional and urban development
- » Institutional and capacity building
- » Financing
- » .....
