2019 WFEO AWARDS

Dear WFEO Member,

Please see attached herewith,

- one Brochure / Nomination Form for the 2019 WFEO Awards: the “Medal of Engineering Excellence” and the “Medal of Excellence in Engineering Education”.
- one Brochure / Nomination Form for the 2019 Hassib J. Sabbagh Award for Engineering Construction Excellence. The theme for 2019 is: “*Sustainable Development for Smart Cities*”. This award is given every two years and is made possible by our Distinguished Associate, the Consolidated Contractors Group (CCC) and includes a cash prize of 10.000 USD.
- one Brochure / Nomination Form for the 2019 Gree Women in Engineering Award. This award is given each year and is made possible by our special sponsor Gree Electric Appliances. It includes a cash prize of 1,000 USD.

The above four awards will be presented at the Gala Dinner organized on the occasion of our General Assembly in Melbourne, Australia, November 23, 2019.

You are kindly invited to submit your nominations for one or more of those prizes, using the dedicated email 2019awards@wfeo.org not later than 15 June 2019.

Please note that WFEO National Members whose nomination was successful for the award in the year before i.e. 2018, will not be allowed to nominate any candidate in the following year (i.e. 2019, so that there shall be a lapse of one year for next nomination from the same economy). This is to ensure as wide as possible access to the awards to our members.

The Awards Committee with Mustapha Shehu as Chairman will then proceed to the examination of each nominee and submit its conclusions to the Executive Council. The laureates will be announced by mid-August.

Updated information will be published on this permanent link <https://www.wfeo.org/awards/> where the above mentioned documentation can be downloaded.

Truly yours,

Jacques de Méreuil
Executive Director
