29 January 2020

Dear Mr. President!

First of all, we would like to express our sincere congratulations on the implementation and organisation of the first World Engineers Day in 2020!

We are aware, that UNESCO has already proclaimed the 4th March of every year the World Engineering Day for Sustainable Development. Nevertheless, we see the necessity to express our fullest support on this matter.

As we want to make our support visible, please be so kind to add our Organisation to the list of supporters.

We are looking forward to closer cooperation with WFEO in the future as well as for future Events on this matter!

Kind Regards,

BR h.c. DI Klaus Thürriedl
ECEC President
