The Executive Director
(Jacques de Meréuil)
World Federation of Engineering Organisations
Secretariat FMOI/WFEO
Maison de l'UNESCO - 1, rue Miolis 75015
Paris

Dear Madam,

RE: SUPPORT FOR THE WFEO PROPOSAL FOR WORLD ENGINEERING DAY FOR CLIMATE CHANGE ACTION AND SUSTAINABILITY

The Ghana Institution of Engineering is pleased to confirm its support for the proposal regarding the Proclamation of 4th March of each year as World Engineering Day for Climate Change Action and Sustainability raised by the World Federation of Engineering Organizations.

Engineering Practitioners are crucial to address the risks of climate change and to ensure sustainable development. A World Engineering Day for Climate Change Action and Sustainability will be an opportunity to demonstrate the importance of engineering to modern life and the central role of engineering in developing the technologies needed for climate change action as well as for sustainable development, and to promote the dialogue between citizens, engineers and policy-makers for climate change mitigation.

It is our considered opinion that the proposal will promote the 2030 Agenda for Sustainable Development and UNESCO Strategy for Action on Climate Change (2018-2021), the Ghana Institution of Engineering fully supports the WFEO proposal.

Yours faithfully,

Ing. Kwabena Agyei Agyepong, OV, FGhIE, M.ASCE
Ag. Executive Director
