16 August 2018 Version 1.
• The HLPF Steering Group has a follow-on discussion on the following by phone on 11 Sept 2018
  ○ Clarify primary & alternate SG representatives (a few people were added to the email lists and Whatsapp group to facilitate HLPF coordination, but we now need to restore clarify representatives);
  ○ Conduct an overall review of the HLPF and our “performance” as SG, including addressing some of the issues raised by the business & industry MG with respect to the final declaration;
  ○ Follow-up the cases of intimidations that have been reported and decide how to proceed;
  ○ Decide if and how to prepare a collective MGoS “post mortem” assessment or final declaration of HLPF 2018 and chart the engagement agenda for the HLPF review process;
  ○ Finalize the collection and uploading of the statements, both for the Expert Segment, the Ministerial Segment (i.e. VNRs) and the ECOSOC HL Meeting;
  ○ Take a final decision on the independent MGoS website;
  ○ Initiate the HLPF 2019 engagement process, including the proposal for the early establishment of VNR groups and SDG-under-review groups;
  ○ Follow-up the ToR process, both in terms of codification of procedures and follow-up with new potential constituencies;
  ○ Explore an outreach and communication agenda to strengthen the ranks of the Coordination Mechanism and expand participation.
